The History of Bedford Springs

Few properties can boast the historic significance of Bedford Springs Resort, located in the Allegheny Mountains of south-central Pennsylvania. For more than 200 years, the eight mineral springs located on the resort's property served as an important gathering place. Eventually, the resort would be the site of many significant moments in American history, hosting a long list of celebrities, wealthy clientele, corporate magnates and dignitaries from around the world. To date, the resort has hosted 10 US Presidents, seven of whom visited during their presidency.

Over 200 years ago the mineral springs of Bedford Springs, PA became known as a source of rejuvenation. Today the Omni Bedford Springs Resort's updated facilities and luxurious guest rooms, world-class spa and superbly restored golf course provide all the charm you expect in a historic Pennsylvania retreat with the modern conveniences you look forward to from an Omni Hotel.
